Part No.	ALS4140
Warranty	40 Uses

DD / STUN MUNITIONS

PRODUCT DESCRIPTION

The ALS4140 is a reloadable tactical diversionary device body that can be reloaded up to 40 times. When used in conjunction with the ALS09, the device produces 174 dB at 5 feet, and emits 2-6 million candela. In addition to the light and sound, the ALS4140, with reload, produces a significant pressure wave that adds to the disorienting physiological effects.

SHIPPING INFO

Non-hazardous, commercial packaging

WARNING: This round should only be used by individuals properly trained in the use of tactical munitions. Serious injury or death may occur if the product is misused or in rare or unexpected instances.
